Painting of Julie's Bungalow, by Leisa Collins

Congratulations!

We would like to extend our congratulations to Julie Liska, Historic Chicago Bungalow owner and preservationist, who was nominated for the Leisa Collins Historic Preservation Award. This award is given as a way to recognize individuals across the USA who serve as stellar examples in preserving the historic buildings of their area. Julie has lovingly restored her own Chicago bungalow over the years and has worked with HCBA to promote bungalow preservation through educational seminars and events in bungalow communities throughout the City. The award itself is an original framed watercolor painting of Julie's Historic Chicago Bungalow.

Leisa Collins is an artist who specializes in architectural paintings, and in recent years, has logged over 25,000 miles and painted homes and historic buildings in 37 states across the US alone. Further information about Leisa Collins, her award, and original architectural paintings can be found at www.leisacollins.com.
